

INTRODUCING

benefitsolverSM

POWERED BY ACEC LIFE/HEALTH TRUST

ACEC Life/Health Trust is proud to offer a state-of-the-art enrollment and eligibility system in partnership with Benefitsolver[®]. This system is yet another tool to support your business objectives.

Supporting You

Benefitsolver offers a number of exciting benefits:

GAIN EXCLUSIVE & PERMANENT ACCESS

Benefitsolver is typically reserved for employers with more than 750 employees. However, all ACEC Life/Health Trust proof of concept member firms will transition to it at no cost, regardless of size!

ACHIEVE GREATER EFFICIENCY

Benefitsolver streamlines the benefits enrollment process, thanks to an intuitive, easy-to-use interface.

EMPOWER YOUR EMPLOYEES

Provide employees with direct, confidential access to Benefitsolver. Give them the ability to view plans, enroll and make changes easily via their desktop or mobile device without having to go through HR.

IMPROVE COMMUNICATIONS

Upload company-specific information and communications to the document center for employees to access on their own.

INTEGRATE WITH NON-TRUST BENEFITS & THIRD PARTY VENDORS

Benefitsolver can integrate into your current payroll, HRIS and benefit systems on a single-source platform.* We can also build non-Trust benefit solutions on the platform to create a truly comprehensive enrollment system.

*Additional fees apply for file feed integration.

How You Can Support the Project

- Complete the Client Implementation Packet in a timely manner in order to start the build process
- Assign BSC as an E-services administrator
- Sign UHC's acknowledgement
- View online training videos
- Require employee access
- Provide critical feedback throughout the process to help ACEC improve the roll-out process for all firms

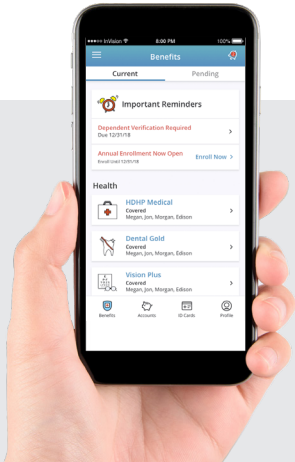

WHAT'S CHANGING?

We are introducing a cutting-edge enrollment and eligibility system, Benefitsolver, as a replacement for UnitedHealthcare's (UHC's) E-Services.

- All enrollment and eligibility entries and questions will go through the Benefitsolver platform, which replaces UHC's E-Services.
- Benefitsolver will send a weekly file feed to UHC with all enrollment and eligibility changes.
- Haste enrollments will go through the Benefitsolver Administrator Support Line by calling 833.232.7499.

WHY BENEFITSOLVER?

Benefitsolver is a national leader in benefits administration technology. They offer an easy-to-use system with little prior expertise or training required.

Access Benefitsolver on the Go!

Employees can log into Benefitsolver at any time from their mobile device when they download the MyChoice mobile app. They can check their benefits coverage, access their medical ID card, add a dependent to coverage and more!

Questions?

Should you have any additional questions at any time, or if you would like to schedule a demo of the site, please reach out the ACEC Enrollment and Eligibility Team at enrollment@aceclifehealthtrust.com.

TRAINING

We invite you to learn more about Benefitsolver, its exciting new features and how to use it. For self-paced training videos, visit <https://aceclifehealthtrust.com/enrollment>.
